Yet Curtis wishes with all his might that what appears to be happening between the motorists."My pleasure.".Then is there any difference?'.In the kitchen, after quietly closing the door behind himself, he holds his breath, listening. The house is.The subsequent expansion of space followed directly from the Chironian mass-energy-space equivalence relationship: The cooling photon fluid actually transformed into space as well as matter tweeplets, the ratio depending on the temperature and shifting from one favoring tweeplets to one favoring space as the universe cooled down. Thus the galactic red-shifts were not caused by expanding space; the Chironians had turned the whole principle upside down and concluded instead that the expansion of space was a product of lengthening wavelengths. In other words, radiation defined space, and as it cooled to longer wavelengths, space grew. Thus the Chironians had completed the synthesis of tweedledynamics with General Relativity by relating the properties of space to the photon as well as the properties of time. The "islands" of matter tweeplets left behind from the cooling photon fluid remained dominated internally by the strong force while gravitation became the dominant influence In the macroscopic realm created outside, and in many ways they continued to behave as microcosms of the domain from which they had originated..Inside, the furniture seemed to be on the brink of spontaneous combustion. Because he had committed himself to healing Leilani one."When we return, it will be a different story," Sterm told his entourage on the Bridge as the module's main drives fired and they felt it surge forward and away from the Mayflower II's nose. "But first, we have, to deal with our Chironian . . . friends. What is the report on the Kuan-yin?".The preacher seemed taken aback for a split second, but recovered quickly. "The world around us," he bellowed, throwing his arms wide. "Is it not there? Do I not see it? Who created it? Tell us. Is that not evidence enough?".In the years that followed after Jay and then later Marie were born, she had tried to stay abreast of her career by attending lectures and classes in Princeton and by setting herself a reading program, but as time went by, her attendance became less frequent and the reading was continually put off to tomorrows that she knew would never come. She found that she read articles on home-building instead of on the mechanism of DNA transcription, identified more readily with images projected by light domestic comedies from the databank than by tutorials on cell differentiation, and spent more time with the friends who swapped recipes than the ones who debated inheritance statistics. But she had raised two children that her standards told her she had every right to be proud of. She was entitled to rewards for the sacrifices she had made. And now Chiron was threatening to steal the rewards away..Jay began speaking earnestly and in a low voice. "My father asked me to find you. It's urgent. One of the people the SDs are looking for is at the house. Sterm has arrested the whole of Congress, and we're pretty sure he's going to issue an ultimatum with the Military.
